WHEEL LOADERS COMPACT TRACK LOADERS

Trusted and recommended since 1999, we are a premier provider of underground services and offer operated heavy equipment to contractors and subcontractors in the Southern California area who require trenching, excavating, and grading, concrete cutting, coring and breaking, and dump services on both public and private works projects.

Centrally located in Long Beach, CA we are a "small enough to care but large enough to serve" organization which orchestrates on job-sites in Los Angeles, Orange, Riverside, and San Diego counties.

Our customers are responsible for the supervision of all work, permitting, and locating underground improvements. We are not responsible or liable for any damages to underground utilities unless clearly marked or exposed for our operator.

All rates are based on a 2 hour show up, 4-6-8 hour minimum. Overtime (\$58 HR) and Premium time (\$116 HR) based on the E.C.A Union Contract and is charged on hours over 8. Saturday is overtime. Sunday is premium time. Operator time is \$110/HR at regular time. HAZMAT and TWIC operators also available.
